

Yes, We are a Welcoming Community for Military Vets!

Our group has considered the questions for reflection (available at www.bpf.org), and we feel ready to skillfully welcome veterans and their families into our community. Our group would like to be designated as a “Welcoming Community.” Please list us on the Buddhist Peace Fellowship’s online directory of these communities.

[Please note that this information will be listed on the BPF website and the general public will have access to it. The contact person should be prepared to respond to inquiries from veterans in a timely manner. Please contact BPF at peacework@bpf.org if you need to make updates to this information, or if you decide that your group is unable to continue being a Welcoming Community.]
